Latter Awaits Hearing In
Justice Court In Lis-
bon Tonight

LISBON, Jan. 31.—Lazarus Evanovich, 32, of Struthers, is held in the county jail here pending a hearing tonight before Justice M. K. Zimmerman on a charge of grand larceny in connection with the \$1,800 swindling of Mrs. Elizabeth Slavik of Unity township last Nov. 17.

Evanovich was arrested Monday night in Youngstown on warrants sworn to by Mrs. Slavik, after she had identified the suspect Saturday in Youngstown. The prisoner then was turned over to Sheriff M. K. Duty.

Promised Big Return

Evanovich and an accomplice are charged with inducing Mrs. Slavik to withdraw \$1,800 from the bank, promising to invest the same and bring her a \$2,500 return. After securing the money from a Freedom, Pa., bank she stopped in East Palestine to purchase groceries and food for supper, having invited the men to remain for the evening meal. When she emerged from the store the men had disappeared with her \$1,800.

Youngstown police report they stopped an attempted swindle of a Youngstown restaurant owner when they arrested Evanovich.

The arrest, the policemen said, prevented the swindle of the restaurant worker of at least \$3,000. The name of the intended victim is kept secret.

Mrs. Slavik identified Evanovich at the Youngstown city jail. The other suspects were released when she could not recognize them.

In connection with the attempted fraud of the Youngstown restaurant owner, the police said: "We stepped in just before the intended victim was going to draw \$3,000 out of the bank and turn it over to two men for some 'oil stock' in Texas. We heard one man talking with the intended victim, and the conversation sounded so much like a typical film-fam that we decided to investigate."

Warn Intended Victim

"After we talked with the intended victim," officers continued, "we told him not to turn over any money, after he said he had made appointment to go to a bank to withdraw his savings."

"When the restaurant worker cooled off on the oil stock scheme, they tried to sell him a place for a beer garden here. They showed him a roll of money which, they said, amounted to \$100,000."

The same day Mrs. Slavik was swindled out of \$1,800, Giovanni Rechi of Youngstown was swindled out of \$300 by two men who said they wanted him to buy them steamship tickets for Europe.

A.M.E. Conference
Is Scheduled Here

Ministers of the Ohio conference of the Mt. Zion A. M. E. church will gather at the Zion church here tomorrow for a one-day meeting.

Bishop F. A. Wallace, presiding clergyman of the conference, will deliver his address at 8 p. m. Music will be furnished by the Junior and Senior choirs of the local church.

The conference will open with a session at 10 a. m. Rev. Carl Asmus, pastor of the First Methodist church, will speak at 2 p. m. The public is invited to attend.

EAST LIVERPOOL
BOY IS KILLED

Child, Playing On Street,
Is Crushed by Skid-
ding Truck

EAST LIVERPOOL, Jan. 31.—A five-year-old East Liverpool boy was listed today as Columbiana county's second traffic fatality of 1940.

Struck by a skidding truck while playing with two young companions on Division st., Clifford Rickerd, 5, son of Mr. and Mrs. William C. Rickerd of East Liverpool, died at 11:45 a. m. today at East Liverpool City hospital.

Clyde Whitehair, 25, of East Liverpool, driver of the truck, owned by the Riggs Co., a wholesale grocery concern, told police he was turning around at the corner of Division and Lisbon sts. when his truck suddenly skidded and slid toward the curb where the three boys were playing.

Two Boys Escape

Two of the boys jumped out of the path of the skidding truck, but the Rickerd boy was caught by the machine as it crashed into the curb. The accident happened at 11:20 a. m.

Whitehair and an uncle of the Rickerd boy rushed the injured youth to the hospital. He died on the operating table while physicians were preparing to give him a blood transfusion.

Coroner Arnold Devon, who investigated the accident, reported the boy suffered internal injuries and severe lacerations about the pelvic region. The coroner withheld a verdict, pending a more complete investigation.

Whitehair reported the accident to police. He was not detained. Funeral arrangements for the boy have not been completed.

Youth's Trombone
"Explodes" When It
Touches Radiator

Orchestra leaders, take note: Robert Elyson, 12-year-old Junior High school student, really blows a mean trombone.

His trombone actually blew up as he practiced before school yesterday morning. And Bob can show two holes in the instrument to persons who might doubt the story.

The cause, however, is still undetermined.

The youthful trombonist pulled back on the slide and the end touched a steam radiator. At that instant there was a loud report like a gunshot and Robert jumped out of his chair.

His father, Homer Elyson, who is a plumber, checked the heating system to see if the radiator was accidentally charged with electricity, but no short could be found.

Nor was there a fuse blown. Electricians pointed out that static electricity would lack the amperage necessary to damage the instrument.

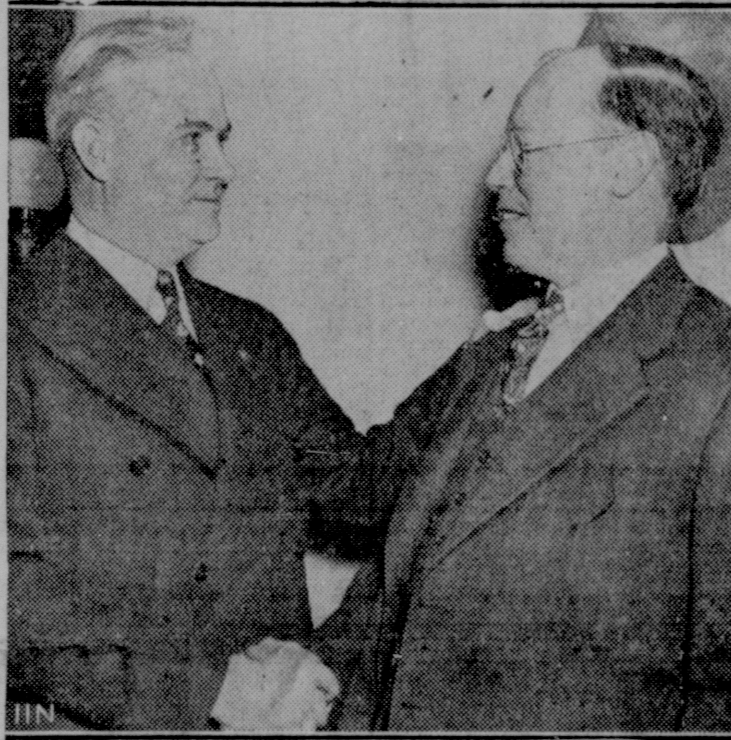

Stickers Given Out
By Sportsmen's Club

Stickers bearing the words "protect and feed wild life" are being distributed by members of the Sportsmen's club of Salem High school to persons who aid in their campaign to provide food and shelter for wild life during the current cold spell.

Donations of grain or money are being accepted. Money collected will be used to buy feed for distribution in the Salem area.

The stickers, printed at the club's expense, may be secured from any member or by calling the High school and asking for E. A. Englehart, who will inform persons where they are available in the downtown area.

WEST PETITIONS

17th District

(By Associated Press)

COLUMBUS, Jan. 31.—Ben West of Mt. Vernon, one of seven candidates for the Democratic nomination as 17th district congressman, today faced the accusation that petitions he filed to qualify for the special primary Feb. 6 were circulated under the name of his brother, former Congressman Charles West.

W. R. Hanlon, Democratic member of the Coshooton county board of elections, said he received affidavits from two petition circulators that they obtained 83 signatures to petitions designating Charles West as the prospective candidate.

Erasure Charged
Hanlon informed Secretary of State Earl Griffith that Ben West's name appeared to have been written on the petitions after an erasure.

It was believed West's petitions would be insufficient to qualify him as a candidate if the 83 signatures were invalidated.

The affidavits were sent to the Richland county election board in

Former Berlin Woman
Opens Series of Rotary-
Sponsored Talks

The Salem Rotary club's second annual Institute of International Understanding opened last night in the High school auditorium before an appreciative audience which heard Mrs. Margarete Kaiser, a former resident of Berlin, Germany, deliver an instructive lecture on the subject of "European Tensions."

Other lectures in the Institute series will be presented in the High school auditorium on the next three Tuesday nights. Subjects will cover a wide range of international subjects and problems.

Blames Social Conditions

"The cause of many European tensions," Mrs. Kaiser declared, "may be traced to European social conditions over a period of many years."

Mrs. Kaiser, who was in France when the war broke out in September, was unable to leave Europe until late last December. She is now taking out United States naturalization papers.

"Germany 100 years ago," she said, "went off the agricultural basis, began manufacturing goods and selling them abroad. Hitler has skillfully used the idea of making Germany self-sufficient, independent of other nations. With this idea he has won the support of German industrialists. This German urge for self-sufficiency is one of the causes of the war."

England, France and other European nations, Mrs. Kaiser continued, are practicing another policy "that seems to be very, very evil." This policy, she explained, consists of investing capital in countries other than their own for political and military purposes.

"The United States by methods of trade agreements or whatever we choose to call them," she added, "is attempting to extend trade with other nations in a peaceful way. The idea of trade on a mutual basis is a way out of the present international chaos."

"I hope the American way of reciprocal giving and taking will conquer the world without a war. 'Germany believes that no mat-

Salem Firemen extinguish
Blaze At Foot of
Millville Hill

An \$800 loss resulted from a fire which destroyed a produce truck at the bottom of the Millville hill, just east of the city on Route 14, about midnight.

Rudolph Schmidt, 38, of Cleveland, driver of the truck, suffered first degree burns about the right eye in attempting to extinguish the flames and was treated at City hospital. A helper on the truck, Richard Tellin, also of Cleveland, was unhurt.

The Salem fire department responded, and had the blaze extinguished once by using chemicals. When the fire started again, the firemen were handicapped by lack of water.

The truck caught fire when friction from the emergency brake ignited grease. The vehicle was loaded with carrots, turnips and pumpkins, consigned to a Pittsburgh market. The Cleveland Vegetable Market Co. owned the truck.

publication in the official journal of appointment to the Legion of Honor of Lieut. Robert-Jean Huvel, with this citation:

"Remarkable officer, whose modesty is equalled only by his bravery. Distinguished himself particularly Sept. 30, 1939, by bringing down two German pursuit planes during a single combat."

Since then, Huvel has fallen back into the obscurity of his fellow fliers.

The heroic tradition, however, is strong in the French air force.

Georges Guynemer, World war ace who fell to his death fighting Sept. 11, 1917, after winning 53 victories over German planes, has remained a national hero.

The anniversary of his death is observed each year at air bases throughout the country with the reading of his last citation:

"Legendary hero, fallen at the height of glory."

Other aces who flew with him are commanders in this war.

Sheriff M. K. Duty and Aids
To Move From Ancient Jail;
Prisoners go to Youngstown

LISBON, Jan. 30.—The office of Sheriff M. K. Duty and his six deputies will be established in the county courthouse tomorrow morning as the old county jail is abandoned in compliance with orders of the county commissioners and State Fire Marshal Ray R. Gill.

Gill recently condemned the structure, reputed to be at least 100 years old, and ordered the commissioners to have the place vacated by Feb. 1.

The commissioners explained they had no alternative except to "move out."

Early tomorrow morning the 15 prisoners now in the jail will be taken to Youngstown for safe-keeping in the Mahoning county prison. A contract between Mahoning and Columbiana county commissioners calls for the care of this county's

prisoners at the rate of 60 cents a day per prisoner.

Sheriff Duty said that all records and movable equipment would be moved into the courthouse office late today or tomorrow morning. He explained further that since at least 75 per cent of calls to the sheriff's office come at night, he would maintain the present staff of deputies.

The deputies, in the daytime, besides other duties, will spend considerable time in transporting prisoners to and from Youngstown.

The sheriff said an appeal for cooperation from the mayor's courts and justice of the peace offices would be made in an effort to avoid sending prisoners to the county unnecessarily. "The transportation of prisoners between Youngstown and Lisbon will be a big item," he added.

County commissioners, who plan to raze the old jail as soon as possible, have been unable to locate any deed or records which would prohibit them from removing the jail from the present site, which was deeded to the county years ago.

Mrs. Jennie McMillen, abstractor and veteran resident of the village, believes that the county jail lot was in the original plot of the town and was one of several lots donated at that time for public purposes.

"Groundhog
Lodge" Set
For Big Day

(By Associated Press)

QUARRYVILLE, Pa., Jan. 31.—Undaunted by the claims of scoffers and rival prophets, the faithful of this southern Pennsylvania countryside are awaiting Friday's dawn to pledge new faith in the long range weather forecasting of the groundhog.

That's the big day—each February 2—when members of Slumbering Groundhog lodge don top hats and nightshirts to march into the Swamp hollow country, learn the woodchuck's prediction, then hasten home to feast and spread the news.

In Quarryville, if nowhere else, groundhog day is a holiday—with business closed.

Turning lyric in its call to members, the lodge disposed of such scoffers as men of science and forecasters of the government's weather bureau with the note:

"Astronomers come and astrologers go and scientists cover the earth like snow, while people with titles and many degrees are as thick and as plenty as leaves on the trees, and folk who are rated as learned and wise keep writing and talking and buzzing like flies."

"Their inventions of gadgets and special machines were varied and wondrous and common as beans. But combining their efforts in one mighty chorus—they can't tell the weather six weeks in advance."

The lodge members contend they can—by observing whether a proper groundhog sees his shadow February 2 at the end of his winter nap. If he sees it, that's another month and a half of winter, so they say.

Exclusive Membership
Jealous of its membership, the lodge has taken in only 92 men in more than 30 years. Sixty-five remain alive. Only three "outsiders" have been elected, including Vice President John N. Garner.

This year President Roosevelt was proposed—but two local blacksmiths were taken instead. Hibernating Governor George W. Hensel, Jr., said Roosevelt probably was "too busy" now but might be considered later.

Hopes to Return Normal
Trade Among Nations,
Premier Says

(By Associated Press)

LONDON, Jan. 31.—Prime Minister Chamberlain assured the United States and Japan today that Britain was anxious to avoid friction or disturbance in her trade and other relations with them and with other neutrals in the war against Germany.

Addressing a luncheon of the national defense committee, the prime minister expressed regret that the concentration of dollar resources in America for munitions and other war supplies had forced curtailment of purchases of other products there.

Seeks Normal Trade Return

One of Britain's foremost aims of the war, he said, is to return to normal trade among nations.

Of the British-Japanese dispute over the seizure by a British warship of 21 Germans from the Japanese steamer Asama Maru on Jan. 20, Chamberlain said:

"Nothing could more distress us than that the Japanese government or the people should feel that we have exercised our belligerent rights with any want of courtesy or respect for them."

Japan has formally protested to Britain over the incident and the subject now is under diplomatic discussion in Tokyo.

Chamberlain announced that a German submarine attempting to attack a convoy yesterday had been sunk by combined British air and naval forces.

Cites "Prodigious Results"

The British war effort, he said, already has achieved "prodigious results," among them the stepping up of aircraft construction to a point "seven times what it was in 1935-36," and the manufacturing of ships at a rate faster than in 1914.

Of neutral countries Chamberlain said Britain had no desire "to offend a neutral country with which we want to live in peaceful and friendly relations."

He asserted that the submarine attack on the convoy was the first such assault in a long time.

Tabernacle Marks
4th Anniversary;
Rev. Lucas Speaks

A series of special services in observance of the fourth anniversary of the founding of the Lighthouse Tabernacle, 173 West State st., opened last night under the ministry of Rev. Jack Lucas, evangelist, of Canton.

Services will continue nightly until Feb. 11 with Rev. Lucas in charge. The Canton evangelist, a graduate of the Central Bible institute of Springfield, Mo., is recognized as a fine singer and pianist.

A former pastor in Ohio, he has conducted successful evangelistic campaigns in several states.

Rev. Lucas was secured as evangelist after Rev. W. O. Singletary of Galena, Kan., who was originally scheduled to conduct the services, notified Rev. M. R. Searles, pastor of the tabernacle, that he would be unable to come to Salem.

The Tabernacle was founded four years ago when Rev. Searles, then a resident of New Philadelphia, came to Salem to conduct evangelistic services. Encouraged by the splendid response to the services, Rev. Searles established a church.

The pastor reports that the Tabernacle enjoyed its best year in 1939, adding many new members and performing encouraging work in its activities.

NEW YORK CITY'S LEGAL HEADACHE

The U. S. supreme court's ruling that New York City can levy a sales tax legally on certain types of business because the tax is legal under state law and does not violate constitutional law has no bearing on the practice of collecting the tax. It is and will continue to be a headache for consumers in New York City, for businessmen in the city and for manufacturers and businessmen outside the city.

Cigarettes have been a glaring example. Consumers who go to New Jersey to buy cigarettes and return to New York City with unopened packages are small time smugglers. It is a plain case of government imposing a tax that consumers will not bear voluntarily. It is a violation of the rule that a good tax is one that strips the goose of its feathers without unduly exciting the case. It is contrary to the American principle that trade barriers should not be erected at geographic boundaries.

For the future book it is predicted that sooner or later New York City's sales tax will be abandoned, not on a constitutional quibble but because the game isn't worth the candle.

STAR SHELL

News from the economy front at the beginning of the week was moderately exciting. The economy bloc had sent up a star shell that lighted the entire budget horizon and made everything light as day.

In particular, the bloc for the agricultural division thereof promised not to demand \$200,000,000 for farm parity payments this year—a treasury raid on which odds quoted in advance were two to one.

Apparently there is something to the theory that the budget balancing urge is being stimulated for purposes of the next fiscal year by reluctance to blow open the debt limit issue just before election.

Congressmen do not want to be blamed for sailing the debt over the limit by exceeding President Roosevelt's budget recommendations. Neither do they want to be blamed for voting new taxes in an election year.

It remains to be seen, however, how things will pan out. If recollection serves, economy always is a mighty fine thing in January and February, but only a recollection in May and June.

SAMPLE PREDICAMENT

This is why diplomats in the little countries have that hunted look.

Diplomacy's job in a neutral state is to guess what's going to be the shape of things day after tomorrow. Belligerents, on the other hand, are interested in tomorrow.

Roumania's plight is typical. Germany must have Roumanian oil and intends to get it, by coercion if not by consent. The allies do not intend to let Germany get Roumania oil. They threaten reprisals if the government gives in to Germany. Outcome of the war may depend on Roumania's decision.

The government's responsibility is to weigh Germany's threats against allied threats and to choose the lesser of two evils. The German army is at hand; allies forces are relatively remote. German trade, likewise, is more tangible than allied trade, being 40 percent of the Roumanian total.

So much for tomorrow. Day after tomorrow is something else again. Roumania must consider the possibility of Germany's defeat and the effect of backing a losing horse. Outcome of the war is less important to Roumania than the outcome of Roumania. Along with Finnish relief someone should start a campaign to send sedatives to the diplomats of Roumania.

ANY TIME NOW

Not since 1815, year of Napoleon's defeat at Waterloo, has Britain had such a cold wave. . . . Finland, which expects bad weather, has experienced nothing like this winter in a third of a century. . . .

In the United States January has made a mark that won't be surpassed in general orneriness for perhaps generations to come. Even the sunny south has been frozen stiff. . . .

Any day now someone will come forth with the theory that the cause of it all is firing those big guns in Europe. It accounted for everything that went wrong with the weather the last time.

THE STARS SAY:

For Thursday, February 1

AN ACTIVE and interesting day, with personal engagements dominating the activities, is read from the predominant planetary configurations. The accent seems to be on social, domestic and affectional affairs of those business interests involved in catering to such happy functions. All artistic pursuits are under good auspices, and the mystical or psychological expressions of creative talents find splendid stimulus under this rule. However, in connection with all such idealistic experiences, there may be sudden and surprising disruptions.

Those whose birthday it is may anticipate a year of extremely lively experiences in social, domestic, artistic or emotional activities. A mystical or intuition element may be involved. There may be a unique original or modernistic expression in poetry, music or art. Romance may be absorbing and cause sudden or entangling upheavals or changes.

A child born on this day may be splendidly endowed with all the social, emotional, artistic and romantic graces and talents, and have a gentle, genial and sympathetic nature. It may also have strong intuitions or some form of mystical or subtle creative depths, perhaps in poetry or music.

TOUCHY POLITICAL ISSUE

WASHINGTON, Jan. 31.—A 16 per cent cut in President Roosevelt's farm appropriation estimates was recommended to the house yesterday by its appropriations committee, raising one of the session's touchiest political issues.

For the fiscal year beginning July 1 Mr. Roosevelt asked an appropriation of \$788,929,519 for the agriculture department. The committee trimmed this \$129,530,263, chiefly by slashing \$72,678,812 from the surplus commodity disposal item and \$47,975,000 asked for the 1937 sugar act.

These and various small cuts added up to the largest reduction made in any single major appropriation measure by the committee this session—despite the fact that sentiment for farm spending frequently is stronger than that for any other type of expenditure. Congressional leaders characterize a farm appropriation as the toughest test of an economy movement in congress.

Asserting that no appropriation can ever be said to be wholly adequate, the committee said in its report to the house:

"The current status of federal finances has imposed a necessity for retrenchment and the committee has endeavored to apply the cuts in this bill where they would be the least harmful to the public interest."

The committee said it had been advised that the regular fund for disposal of surplus commodities—30 per cent of all tariff receipts—would amount to about \$100,000,000 in 1941, or about \$7,500,000 more than was available this year.

It further explained that it felt it was inadvisable to ask the house to increase this automatic fund, which the senate last year boosted by \$113,000,000.

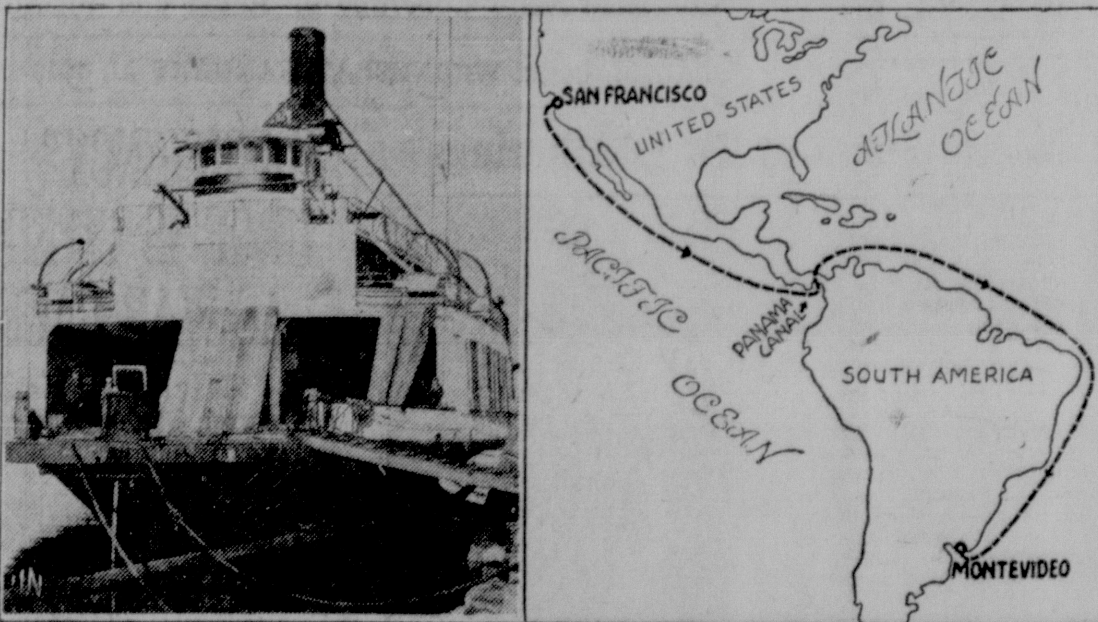

As forecast by farm bloc leaders, the committee followed President Roosevelt's suggestions by refusing to ask a \$225,000,000 appropriation for parity payments. Last year the house also refused to make such a fund available, but reversed itself upon senate insistence.

The bill contained the usual item of \$499,000,000 for soil conservation benefit payments, which have been appropriated annually since the agriculture department's crop control programs were initiated.

Other major cuts below the budget estimates recommended were:

Forest service, \$4,620,000; eradication of cattle tuberculosis and bang's disease, \$1,020,000; bureau of entomology and plant quarantine, \$873,000; weather bureau, \$605,750; relocation of the nearby Arlington experiment farm, \$500,000.

Ferryboat Making 9,000-Mile Ocean Voyage

With her decks boarded up and her funnels braced, the auto ferryboat Yosemite, after an unadventurous career on San Francisco Bay, is made ready for a perilous 9,000-mile voyage to Montevideo from Alameda, Calif. The Yosemite, built at a cost of \$400,000 in 1923, was recently sold by the Southern Pacific for \$75,000 to a Uruguayan company. Map shows the route the ferry will follow.

Great Diseases Of Winter Are Respiratory Infections

By LOGAN CLENDENING, M. D.

The four great winter diseases are respiratory infections (1) the common cold, (2) influenza, (3) chronic sinus and ear infection and (4) pneumonia.

The peak incidence of the common cold during the year is February 1. So about this time of year

Dr. Clendenning will answer questions of general interest only, and then only through his column.

the departments of public health and pharmaceutical houses publish announcements, the burden of which is "Avoid the common cold."

As a corollary to this they usually deplore the vast economic waste entailed by the common cold—the number of working days lost.

Wishful Thinking

This column has always felt that a great deal of what is said on the subject is wishful thinking, and while it very properly tries to give aid and comfort to the defending armies, there is very little advice that is practical because very little of it, if followed out, results in any positive benefit.

It is very much like deplored the necessity of having the hair cut. That also involves a great deal of economic waste. I suppose this very day there are at least five million hours of working life being lost by the male population of this country because they are having their hair cut. Conservatively, in one year, time is consumed which would represent ten million entire lifetimes, simply by having our hair cut. As for the dollars and cents involved, I saw a statement recently that the value of all the United States interests in China is only two-thirds of the value of the United States domestic barber business.

But nobody waits about the economic waste of hair cuts for the very good and sufficient reason that there is nothing to be done about it.

Same Way About Cold

I feel exactly the same way about the common cold. To some of my nose and throat colleagues, who object to my iconoclastic views about cold vaccines, I have said that I could put everything that is positively known about the common cold in a short paragraph. They have challenged me to do so, and here it is:

The common cold is an infection of the mucous membrane of the nose, throat and bronchial tubes. It is, to a certain extent, contagious. It is caused not by a germ but by a virus. Secondary infection with germs is planted on top of the virus inflammation and prolongs the period of convalescence. It is accompanied by a slight fever, slight prostration headache and muscle aches. It has no serious complications or sequelae. It is definitely associated with cold weather. The incidence is highest in those under four years old and drops to

almost nothing after the age of 45, which indicates that in the course of time immunity is established. Cures are invented and believed in largely by people over 45 who do not realize that their immunity is not due to the treatment but to their age. Colds cannot be prevented by any vaccine, dietary measure or exercise. Avoidance of exposure helps to prevent. There is no method of treatment known that gives rapid relief. Bed rest is the best treatment. The only medicine known which gives relief is codeine. Codeine can be prescribed only by a physician.

Tomorrow I will put in a few paragraphs the things we don't know about a cold.

QUESTIONS AND ANSWERS

L. B.: "Will bad tonsils and adenoids keep a child from learning? This boy has had bad adenoids and tonsils. He has gone to school one term but does not learn anything."

Answer: Yes, because they interfere with hearing. Also, they affect the general health.

J. D. M.: "Are there any harmful results in taking baking soda frequently to relieve acid stomach?"

Answer: It is sometimes reported that too much soda causes alkalosis, but it must occur very seldom. For practical purposes it is safe to take enough to get relief.

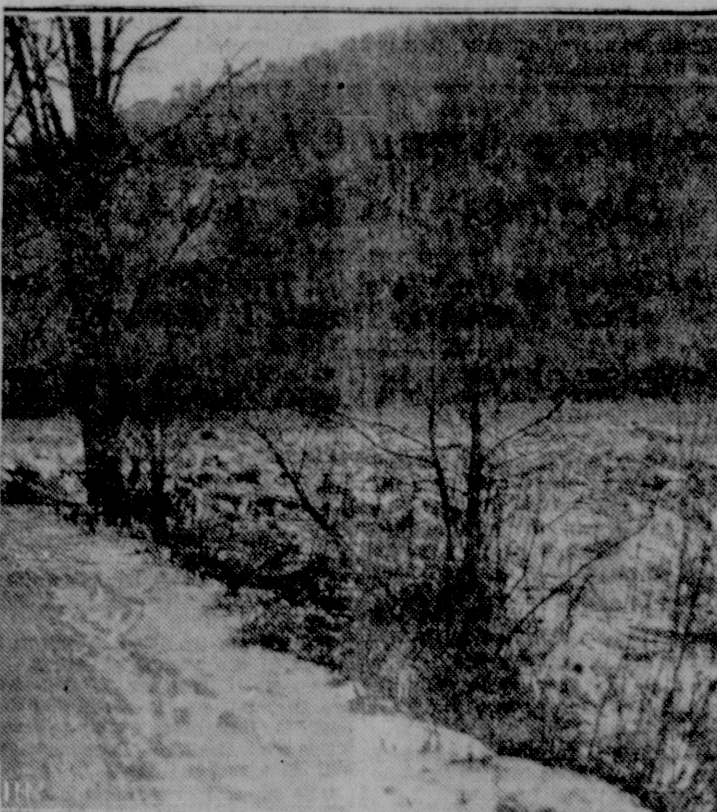

EDITOR'S NOTE: Dr. Clendenning has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendenning, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene" and "The Care of the Hair and Skin."

BERKELEY, Cal.—Professors at the University of California have made one more contribution to making school life more pleasant. They have found that the old time method of forcing children to write hundreds of times misspelled words is neither effective nor efficient. They find it better to let the pupil just close his eyes, visualize the word and work it out at his own pace.

BRISBANE, Australia—A 10-inch chest expansion is the proud boast of R. Malcolmson, a 25-year-old timber-cutter, who came to Brisbane from the bush to join the Royal Australian Air Force. Doctors put the tape around his chest which was a normal measurement of 32 inches and asked him to expand. He did—until the tape registered 42 inches.

Flood Dangers Mounting?

Virtually every river in Pennsylvania froze over as a cold wave piled up ice to produce a flood menace when it thaws. This picture of the ice-choked Allegheny river was taken near Pittsburgh and resembles the gorge in 1936 which preceded the St. Patrick's Day flood of that year.

CHEST COLD MISERY

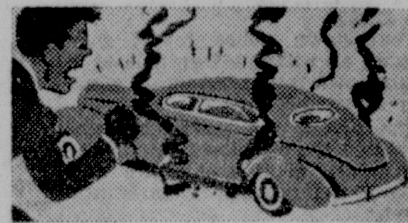

FIRST—rub throat, chest, and back with Vicks VapoRub at bedtime.

THEN—spread a thick layer of VapoRub on the chest and cover with a warm cloth.

RIGHT AWAY, VapoRub goes to work—loosens phlegm—eases muscular soreness or tightness—clears air passages—relieves coughing. And often by morning, most of the misery of the chest cold is gone.

Jack Douglas returns to his Mir-ade Mesa ranch, after an absence of six years, to find it on the verge of ruin by a band of killers called "The Raiders," who are driving the ranchers off their property. His Aunt Ines and fiancée, Lola, rejoice at his homecoming, feeling that they now have a master to look after them. Dona Ines said it was not for Ed Paxton, the ranch foreman, she would not have known where to turn. At about a feeling of restlessness about is a feeling of restlessness and distrust. His first day home, Jack goes riding with his vaquero and friend, Frank Baker. The latter saves the miners in Cobre jump the water rights of the ranchers and that the cattlemen are doing nothing about it. "What we need is a pe-man boss. We need you!" he tells Jack. Frank points to an adobe dwelling in the canyon, saying: "There may be something that's adding to our troubles. It's the meeting place of the Brother-ood. Nearly every peon in the valley belongs. He swears allegi-ance to the Brotherhood instead of the man who employs him." A tattered peon shuffles down the path "One of our own herders," Baker remarks and pointing to a small tent nearby adds, "He stays there." Leaving Baker, Douglas goes to visit his old friend, Forest Ranger Sam Record, who warns Jack that he is one of three ranch-ers marked for death by The Raid-ers. As to the other two, Bradshaw and the country and Wilson is dead. Douglas refuses to run, how- ever, so the ranger advises him to "trust no one." The head of The Raiders, Record says, is a giant Chinese known as "The Yellow Killer."

CHAPTER VIII
Douglas was late in arriving at the hacienda. Kicking off his spurs outside the door, he ran up the stairs, but at the broad balcony surrounding the patio he stopped short and his eyes widened in amazed surprise. There, on the top landing, stood Lola and Alison, in evening dress.
A breath-taking contrast those two made. Lola's dark skin glowed with a living sheen of its own, while the other was a miracle of gleam- ing white in the silken gown she wore. More blonde than ever Al- ison Neale seemed, the sun burnish- ing every strand of hair, en- meshing its rays in a thousand sparks of fire.
Caught up by the thrill of pleas- ure that radiant picture brought him, Douglas stood looking up at them in open admiration. "But you are like two marvelous images," he said at last, "one of velvet, the other of white gold."
In delight Lola clapped her hands. "See Alison, Spain has taught him to make phrases like a caballero, and when he left he was too proud even to look at girls."
Alison's eyes were faintly smiling. "Then he has completely changed. The very first time I saw him he threw both arms around me." She held out her hand. "Capturing any more raiders, Mr. Douglas?"
Douglas laughed. "No," he an- swered easily. "Only once in a life- time do raiders turn out to be love- ly senoritas."
But Lola was pulling at his arm. "You have no time to talk, lazy one," she warned. "The padre and his nephew are already here. I give you ten minutes."

Absolve "William Tell" Slayer

Richard Ball and father, Oscar Ball

Slayer of an alleged extortionist in "William Tell" fashion, Oscar Ball, 48-year-old Paulding, O., farmer, has been absolved of blame by a grand jury that returned kidnapping indictments against an accused accomplice of the slain man. Ball fired a single rifle shot from his bedroom window and killed Louis Strake, 33, who stood 200 yards away leveling a gun at Ball's son, Richard, 19. The boy earlier had been abducted by two men in what was said to be an extortion plot.

Suits for the Young

Reefers and box coats, also little fur jackets, will top these trim suits until the weather warms up. Cherry red tweed is an especially good choice in a coat.

By PRUNELLA WOOD

ONE well-tailored, complete suit is everyone's mainstay, and this applies to the young girl in school as well as to the business woman. Instead of compromising—picking up a skirt here and a jacket there, and perhaps a couple of frocks as daughter's spring wardrobe—let Mary or Jane have an ensemble she'll be

happy to use the entire season.

Each of today's suits has its own blouse but may be worn with others, the only extra expense. Both of these smart three-piecers are made of the again popular navy twill, hardwearing and not easily mussed. The model, left, has a new yoked jacket with pockets set in the seams. Its blouse is red and white polka dotted silk, the col-

lar tossed over the round neck of the coat.

The skirt of the suit, right, is topped by grosgrain suspenders just like a man's, and has a white pique blouse with red eyelet embroidery edging. Plain at the trim waist, the skirt is box-pleated from the hips all the way around. With its bolero jacket it looks dressy enough for Saturday matinees; without, it's the perfect classroom combination.

Cleveland Sets Up 6-Million Relief Budget for Year

CLEVELAND, Jan. 31.—Fred W. Ramsey, city welfare director, today set up a \$6,000,000 relief budget for 1940, a slash of \$600,000 from last year's expenditures.

In recommending the outlay, Mayor Harold H. Burton explained the figure was half a million less than estimated needs. He said the city was following Gov. John W. Bricker's suggestion that improved business conditions should make it possible to cut proposed cost.

The mayor said the program would not involve reductions in relief standards, but would mean a tightening of control over expenditures

and allocation of definite monthly amounts. Virtually all the 1939 funds were spent in the first 10 months of the year, precipitating a severe crisis in November and early December.

Mayor Burton added little of the \$6,000,000 was in sight. If the state provided its share on the same basis as last year (43 per cent), the city will get \$2,580,000. Adding to the fund problem is a \$557,000 deficit carried over to this year.

In Marion, voters yesterday, rejected a special relief levy of 1.3 mills for two years 2,036 for to 2,028 against, 55 per cent approval being required for passage.

Mayor Russell C. Share said the city would launch an "economy campaign" in an effort to make existing revenues cover relief needs.

Marion also turned down a 9 mill levy for a WPA project sponsorship, 1,942 to 2,056.

"Ice" Fishing

EDENTON, N. C.—High winds blew the Rocky Hook creek out of its course near here and a cold wave, setting in almost immediately, froze the stream.

Youngsters with buckets, saws and hatchets gathered a harvest of fish, ranging up to 15-pound white bass.

Rivermen Anxious To Resume Business

CINCINNATI, Jan. 31.—Predictions of continued "warm" weather—almost springlike in contrast to recent Arctic temperatures—gave rivermen renewed hope today of an early resumption of navigation on the Ohio.

Although ice two to ten inches thick continued to clog the stream in much of the Cincinnati and Huntington districts, army engineers reported scattered clear stretches, some as long as two miles.

Yesterday's sun softened the ice considerably and reduced the danger of a flood from the gorges which piled up last week. Engineers predicted the gorges would start breaking up toward the end of the week if the mercury continued in the thirties.

FARM LEADERS LOOK TO SENATE

Abandon house Campaign Against Agricultural Expenditures

(By Associated Press)
WASHINGTON, Jan. 31.—Dis- mayed by demands for heavy cuts in agricultural expenditures, con- gressional farm leaders today hastily switched their principal fight for more money from the house to the senate.
Because of strong economy senti- ment they decided to let the an- nual appropriation bill go through the house without a whole- hearted attempt to add \$225,000,000 for parity payments, but to seek its inclusion when the measure reaches the other chamber.
Try To Restore Slashes
Nevertheless, they will try to restore during the house debate other slashes which the appropria- tions committee recommended yester- day by swapping support of re- lief and urban housing appropriat- ions for votes from city members.
The appropriations committee asked the house to vote \$634,374,255 for all agriculture department ac- tivities next year—a total 20 per cent under the President's budget estimates and 50 per cent below the funds for the current year.
Among the items deleted were the \$25,000,000 farm tenant loan program, the \$72,678,812 boost in automatic appropriations for sur- plus crop removal, and \$47,975,000—the money is in the bank—for benefit payments to sugar growers.
House debate began only a few minutes after these slashes were made, and farm leaders quickly protested that they had not had time to study the reductions.
Want To See "Patient"
Chairman Jones (D-Tex) of the agriculture committee, who was on his feet all yesterday afternoon fighting the cuts, told reporters: "It's pretty bad to perform that big an operation without letting us see the patient until he is half dead and proposing to bury him without letting us see his face."
Rep. Tarver (D-Ga) and several other members complained that the appropriations committee would make the farmer the "goat" of budget-balancing. But administra- tion leaders and others well-versed in congressional fiscal affairs cau- tiously predicted that the cuts would "stick."

VAUGHN CHICKS GIVEN PRIZES

Columbiana Hatchery Is Among Leaders At Ohio Show

COLUMBIANA, Jan. 31.—The entries of Vaughn's Hatchery in the Ohio baby chick show at Columbus placed near the top, with 139 en- tries competing. This show is con- ducted differently from most baby chick shows in that each entry consists of 50 hatching eggs which are sent to Ohio State university, where the eggs are judged and scored according to standard, then set in an incubator and hatched.

The eggs are again scored on hatchability and on quality of chick produced. In the New Hampshire class the local hatchery placed second in the final scoring and first on chick quality. In the White Leg- horn class Vaughn's placed third. In the White Rock class they placed ninth on scoring and first again on chick quality.

The entry of New Hampshires, with a score of 48.47 points out of a possible 50, on chick quality, was high for all heavy breeds.

Vaughn's hatchery is located east of Columbiana on the East Pale- stine road.

City League Games Begin
The first games of the newly-organized Columbiana city basket- ball league were played at the High school gymnasium, when the Franklin Furniture defeated the Brubakers by a 26-14 score.

The second game brought the Co- lombiana A. C. and the Lutheran church team together, with the for- mer winning 33-20. The third and final game found the Methodists defeating the Columbiana Recrea- tions 34-25.

Next week's schedule will be: Brubakers vs. Lutherans; Frank- lin Furniture vs. Recreations; and the Columbiana A. C. vs. Meth- odists.

Mrs. C. P. Esterly has returned home from Akron where she was called the first of the week by the critical illness of her father, R. R. Reese, who has been removed to a hospital in that city.

Mrs. Evan Roller will entertain members of the Columbiana Mu- sic study club at her home this eve- ning.

Verdict Is Awaited In Cemetery Probe

CINCINNATI, Jan. 31.—A weary jury which has listened to ten weeks of testimony and deliberated nearly 40 hours went back to its task today of finding any or all of ten men either guilty or innocent of a \$1,200,000 swindle in the sale of Arlington cemetery lots.

The jury, which took the case Friday afternoon, worked until 9:30 last night without reaching a ver- dict and then recessed. Earlier, Foreman Glenn Baker of Cuba, O., told U. S. District Judge Mac Swinford the panel was making "some progress," and should con- tinue.

The witness then said he manu- factured the bogus letters, turned them over to Weisberg and received \$100.

His motive, in addition to the consideration, was said by the wit- ness to have been a desire to put Weisberg, Jackson and their asso- ciates "out on a limb."

The committee's statement thus indicated that Weisberg and Jack- son believed the letters to be genu- ine.

BANK REPORTS ORDER DECLINE

More Business Essential To Prevent Inventory Accumulation

(By Associated Press)
CLEVELAND, Jan. 31.—The fed- eral reserve bank of Cleveland warned today "the time is ap- proaching" when fourth district business "orders will have to ex- pand from the present level or pro- duction will have to be reduced further if inventory accumulation is to be avoided."

The bank each month reviews conditions in the district compris- ing Ohio, western Pennsylvania, eastern Kentucky and the West Virginia panhandle.
Orders On Decline
"Many industries report a decline in incoming orders, and output is being maintained to a considerable degree at the expense of the back- log of orders on hand," the bank declared.

"The year 1940 probably started with industrial output at the high- est level ever recorded for that season of the year, even though there was some contraction in those lines whose rapid advance contri- buted most to the general upswing following declaration of war in Europe."

"So far as actual output of goods is concerned, the falling-off thus far has been moderate, for indus- trial activity has been maintained at a fairly high level partly because large unfilled orders were carried over into the new year."

Little Change Reported
The bank reported "little change" in fourth district financial condi- tions in the last month. In the four weeks ended Jan. 24, bank debits—the flow of money as re- corded in checking account trans- actions—were 11.8 per cent over the comparable 1939 period.

Looking over final figures for 1939, the bank noted debits up 8 per cent over 1938; department store sales up 8.2 per cent, and total building contracts up 18.1 per cent, paced by a 53 per cent increase in residential building. Sales at reporting department stores in the district in the last two months of 1939 "were the largest since 1929" but declined in January "more than seasonally."

Dies' Committee Witness Admits Forging Letters

WASHINGTON, Jan. 31.—A Dies committee witness has testified, the committee announced after a secret session, that he forged let- ters purporting to link Chairman Dies (D-Tex.) with William Dud- ley Pelley, Silver Shirts leader.

Excerpts from the letters were placed in the congressional record of Jan. 22 by Rep. Hook (D-Mich.), who said they were signed "Pelley." The latter's organization has been termed a "Fascist" group by the Dies committee.

The witness, a Washington man, was said in a committee statement last night, to have given the fol- lowing testimony:

He was approached by one Har- old Weisberg, who said that a "certain group," headed by Weis- berg and Gardner Jackson of la- bor's non-partisan league was seek- ing information to show collusion between Dies and "Fascist groups."

In return for such information, he said, Weisberg "offered to pay him \$500 as a retainer and in ad- dition to obtain for him a posi- tion in the department of agricul- ture through the influence of Gar- dner Jackson and his contacts in the government."

The witness then said he manu- factured the bogus letters, turned them over to Weisberg and received \$100.

His motive, in addition to the consideration, was said by the wit- ness to have been a desire to put Weisberg, Jackson and their asso- ciates "out on a limb."

The committee's statement thus indicated that Weisberg and Jack- son believed the letters to be genu- ine.

Dewey Campaign on in Earnest

Thomas E. Dewey speaking

Bringing his campaign for the Republican presidential nomination to New England, District Attorney Thomas E. Dewey of New York is pictured addressing a Boston audience. Dewey declared that the first duty of the "administration which will succeed the New Deal next January" will be to "release the energy of private enterprise to transform unemployment into employment."

Show Cancelled 'Because of Flu

CHICAGO, Jan. 31.—The illness of two fighters forced cancellation today of a boxing show at the Coliseum Feb. 8 featuring a 10- round bout between Chicago's Milt Aron and Bep Van Klavern, claim- ant of the European middleweight title.

Van Klavern said he would be unable to appear because of an attack of flu. Johnny Barbara, Chicago welterweight, who was scheduled to fight Fritz Zivic of

Pittsburgh in another 10-round- er, also is suffering from the flu.
The third 10-rounder scheduled would have pitted Lem Franklin of Cleveland against Roscoe Toles, Detroit heavyweight.

BAPTISTS ASSURED OF TITLE FOR CLASS B

DEFEAT Y. P. C. C. FOR 8TH WIN IN CLASS B LEAGUE

Carroll Comets, Roberts Win In Class A Loop Cage Games

Assuring themselves of at least a tie for the first half championship of the city's Class B basketball league, the Baptists defeated the Young People's Catholic Club, 36 to 24, at the Memorial building last night.

The victory was the Baptists' eighth in nine games, putting them one-half game out in front of the Carroll Cadets. The Cadets can tie the Baptists for the first half championship if they defeat Smith's Creamery in a game Thursday night.

May Have Playoff
A play-off for the first half title of the Class B league will be necessary if the Cadets win Thursday.

The Baptists had little trouble with the Y. P. C. C., taking a four point lead in the first quarter and increasing their advantage to six points in the second period. They scored their margin to 18 points in the third quarter to lead 32 to 14 going into the final period.

George Baillie, Gene Miller and Don Hammett shared scoring honors in the Baptists' victory, Baillie counting 10 points and Miller and Hammett eight points apiece. Mike Hippley led the Y. P. C. C. scoring with 11 points.

Demings registered their sixth victory of the first half in the other Class B game, topping Smith's Creamery, 37 to 28. A 14-point spurt in the third quarter played an important part in giving the Pump-makers the victory.

Two third round games in the Class A league saw Roberts Men's Shop trounce Demings, 49 to 32, and the Carroll Cadets win over Altohous Motors, 2 to 0, on a forfeit.

Team Leaves Floor
Manager Sam Drakulich removed his Altohous team from the floor in the fourth quarter, forfeiting to the Comets because two of his players were ousted from the game for committing too many fouls, leaving only three players to carry on the battle. The Carroll Club was far out in front when the Motors quit.

Demings led Roberts for two periods in the other Class A game, but fell behind in the third quarter when Kenny Shears entered the Men's Shop lineup to spark his team in a sizzling rally. Roberts trailed Demings by five points at halftime, but a 28-point spurt in the third quarter put them out in front 38 to 23 as they went into the final period.

Mike Oana and Galen Duncan shared scoring honors for Roberts with 12 points apiece, while big John Lutsch paced Demings with 18 points.

The defeat was Demings' 14th in a row.

Golfers To Have Busy Day Today

CORAL GABLES, Fla., Jan. 31.—Patty Berg of Minneapolis and other favorites faced a busy day today in the Miami Biltmore women's golf tournament.

Two 18-hole rounds were on the program. The fed-haired Miss Berg, returning to competition after a seven-month layoff due to an appendectomy, was matched with Louise Suggs of Lithia Springs, Ga., in the morning round. She fired a four under women's par to defeat Mrs. Richard E. Jarrett of Philadelphia, 9 and 8, in yesterday's opening round.

BOWLING RESULTS

A new single game record for the National league was turned in by Grate Recreation klegers as they fired a 1020 score in one of the three games they won from the Masons at the Masonic temple alleys last night.

Veteran Charlie Tolerton blasted the maples to the tune of a 253 count to pace the Grate bowlers to the new record, which bettered the old mark, set by the Salem News, by one pin. Andy Dixon contributed an even 200 score to the 1020 total, John Burns hit 195, Wes Davis 191 and Glenn Whinnery 181.

With the leading Gem Shoe Shine team idle, because its match was postponed, the second-place Salem News picked up one and one-half games on the leader by posting three wins over W. L. Strain Co.

Art the Jewellers won three games from the Moose on a forfeit in another National league match.

The top-ranking Blue Ribbon Paints took two games from the second-place N. E. C. P. in a lone match in the City Duckpin league at the Grate lanes.

In the Owl league at the Grate alleys, the Sanitary Enamelers lost two games to the Grate Motors, but remained in first place. The second-place DuPont Paints won three heats with the Trades Class and Sanitary Tires, posted three wins over the Sanitary Old Timers in other Owl matches.

JULIAN BOOKS SIX BOUTS ON AMATEUR CARD

Fight Show Is Scheduled For Memorial Building Feb. 13

Fighters from Youngstown, Canton, Massillon, Canfield, Salem and Monaca, Pa., will tout leather in Promoter Julius Julian's amateur boxing show at the Memorial building Tuesday night, Feb. 13.

Julian announced today six of the seven bouts he will feature in his second show of the winter.

The main go will bring together Mike Casella, lightweight Golden Gloves champion of Youngstown, and Mike Wukas of Monaca, Pa., runner-up for the lightweight championship in the Pittsburgh diamond belt tournament in 1938.

Semi-Final Bout
Meeting in the semi-final will be Sam Porter of Monaca, Pa., and George Findlay of Canton, a pair of well-rated middleweights.

Findlay boasts an outstanding record, listing kayos over Jimmy Grier, Tommy Gassel and a decision over K. O. Sims. He made good showings in recent bouts with Johnny Como, western Pennsylvania champion, and Norman Fitch, middleweight champion of West Virginia amateur ranks.

One of the most interesting bouts will send Carl Brown of Youngstown against "Silent Sammy" Jones of Canton, who claims to be the only deaf-mute fighting in Ohio amateur circles today.

Jones' manager, Benny Ray of Canton, labels "Silent Sammy" as a real scrapper with lots of promise. He has gone unbeaten in eight fights, and battled "Young" Hostetter of Marion, a Columbus Golden Gloves champion, to a draw.

Jones and his opponent, Brown, are both lightweight.

Prelims Listed
The three feature bouts are each scheduled for five rounds. Two of the three preliminary contests will send Ben Lentz of Salem against Al Packard of Canfield and Russ Milner of Youngstown against Frank Orlando of Canton. Lentz and Packard will meet in a 150-pound scrap, while Milner and Orlando will battle at 135 pounds.

Julian has delayed arranging a seventh bout because Dick Scullion of Salem, whom he plans to use in the show, is suffering from an injured hand which may keep him from fighting. Scullion will be used if his hand is in shape, Julian said.

The Salem promoter had hoped to use two other local boys, Joe Janovec and Clarence Milliken, but both of these lads are laid up with hand injuries.

Indiana Adds Two

BLOOMINGTON, Ind., Jan. 31.—The University of Indiana has added Ohio State and Pittsburgh to its 1942 football schedule, the Buckeyes playing host on Oct. 3 and Pitt on Oct. 17. Two more games will be added to the schedule which also includes Nebraska, Iowa, Minnesota and Purdue.

Teacher of Buddy Walker Searches for "White Hope"

COLUMBUS, Jan. 31.—Side glances at happenings in the Ohio sports field.

C. R. (Whitey) Morrett, Columbus fistic matchmaker and former glove-slinger who taught Ohio Heavyweight Champion Jack (Buddy) Walker all he knows about boxing, is on the hunt for a "white hope." Morrett plans to start a boxing school next week, and he offers free instruction to any novice in the heavyweight ranks.

"I don't want anyone who has had instruction," Whitey says, "for I want to teach the boys myself. Without having them 'unlearn' a lot of stuff. There's a chance for big money for the right man."

Get Early Start
Ohio State's baseballers get the jump on the regular leagues this year. Coach Fritz Mackey puts his battery to work indoors Thursday. The opening game is March 18 at Randolph-Macon.

The Buckeye basketballers, defending champs in the Big Ten, have been in the "first five" of the western conference standing only 12 times in 27 years. They did some real climbing the last four campaigns, finishing sixth in '36, fifth in '37, third in '38, and first in '39.

When Ohio State booked Purdue for that Oct. 5 football date, the Bucks just about tossed away all chance to retain their Big Ten title unless they came up with a real wonder team. The date originally was open, and Coach Francis Schmidt hoped to use the extra time to "fix" his squad after the Sept. 28 Pittsburgh contest. Now he doesn't have a breather until Nov. 9, the date cancelled by Chicago.

Except for that bit of rest, the Bucks meet Pittsburgh, Purdue, Northwestern, Minnesota, Cornell,

CLIPPERS GAIN 14TH STRAIGHT

Columbiana Whips East Fairfield To Stay Undefeated

COLUMBIANA, Jan. 31.—The high-flying Columbiana High school Clippers remain as the lone unbeaten basketball team in Columbiana county today after trimming East Fairfield, 34 to 24, at Fairfield last night.

The defeat was the first the previously unbeaten Fairfield team has suffered in 12 games. It was Columbiana's 14th straight victory.

Trailing by five points at halftime, Columbiana came from behind in the second half to gain the victory.

East Fairfield led 16 to 11 at the half after outscoring Columbiana in both the first and second periods. The Clippers tied the count at 21-all in the third quarter and outscored Fairfield, 13 points to 3, in the last period to win going away.

Sharing scoring honors for Columbiana were Forward Burke, who counted 14 points, and Guard Hollinger, who made 12. The Columbiana reserves stopped East Fairfield subs, 20 to 11.

The unbeaten Clippers will invade East Palestine Friday night, seeking their 15th straight win.

ANOTHER NEW MODERN BRICK HOME

I have sold some fine new modern brick homes thus far in 1940 and here is another which should sell just as quickly. A large 6-room modern brick home ideally located among all fine homes. Nice lot, 50x190, with 3-car garage. Grand big living room with open fireplace. Lovely basement with 4 separately walled compartments. Three pleasant bedrooms with bath and linen closet on 2nd floor. Hardwood floors throughout. Downstairs finished in mahogany and bedrooms in Ivory. This home will accommodate most any size family. Here is a home which can not help but please and it will soon have a new owner. The owner has considerably over \$12,000 in this home, and for immediate sale I am pricing it at the extremely low figure of \$8,900.

ONE OF THE GREATEST SMALL FARM BARGAINS WE HAVE EVER OFFERED

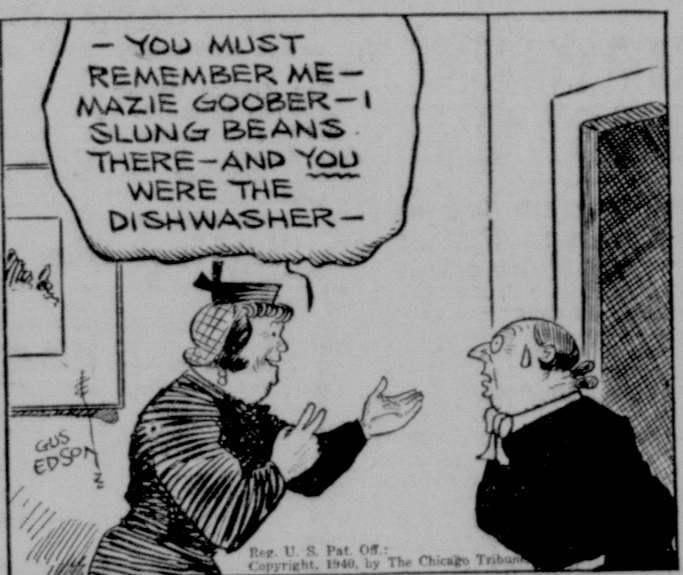

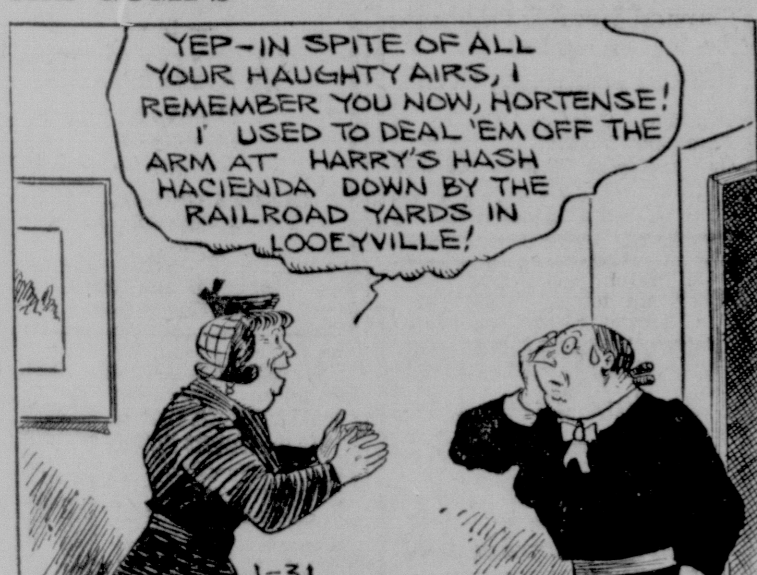

This fruit farm of 10 1/2 acres is located on Damascus rd., about 4 miles from Salem. Most of land is in fine young orchard, including trees of all varieties. This orchard is just at an age where the trees will grow into greater value every year. Has good 10-room house under slate, improved with both gas and electric. Good, small bank barn, also under slate.

The location of this comfortable suburban home makes it possible for the owner to market most of the fruit and vegetables right at the road. For quick sale he will include one Jersey cow, about 125 chickens, brood sow, spraying outfit, cultivator, 100 apple crates, battery brooder, extension ladder and many other small tools. The price for the farm and all the above equipment is only \$5,500. This is a bargain you cannot afford to miss.

POLLY AND HER PALS

Theater Attractions

"The Great Victor Herbert," featuring Walter Connolly as the beloved composer, Allan Jones, Mary Martin and Lee Bowman, will be the State theater attraction Thursday, Friday and Saturday.

Besides the familiar and beautiful Herbert music to form a background for the love story, the picture has outstanding performances by the stars and the rest of the cast, a good story and dialogue. Judith Barrett and Susanna Foster, Jerome Cowan, John Garrick and Mary Currier are seen in supporting roles.

Mary Martin is the Texas girl who took Broadway by storm last season with her famous "My Heart Belongs to Daddy" song. Allan Jones, getting the good role he has been waiting for, does a stand-out piece of work as the young actor and singer, star of Herbert's reviews until Miss Martin becomes more popular than her partner.

The picture is recommended as a delightful movie entertainment for the entire family.

Concluding tonight at the State is "A Child Is Born," starring Geraldine Fitzgerald, Jeffrey Lynn, G. E. Page and Gladys George.

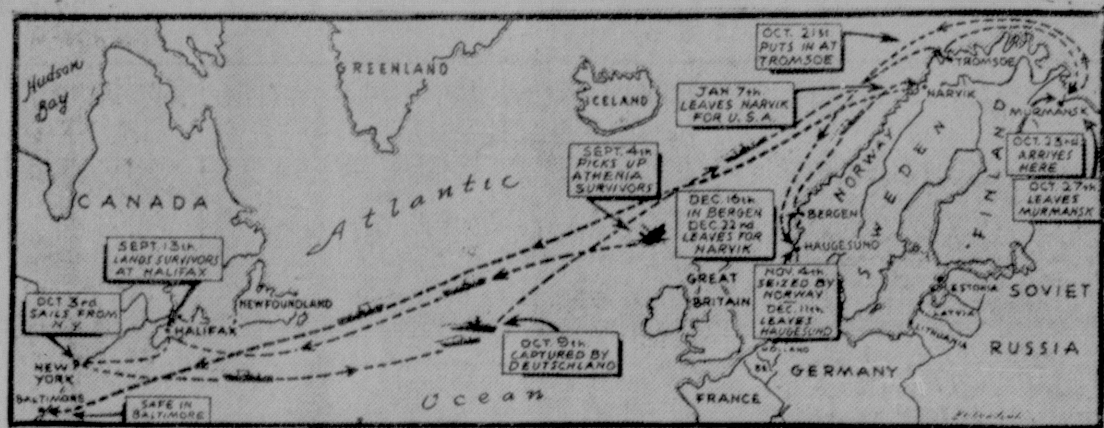

The Grand's attractions tonight only are: "Emergency Squad" with William Henry, Louise Campbell, Richard Denning and Robert Paige, and a Jones Family comedy, "Young As You Feel."

Farmers Are Paid

WASHINGTON, Jan. 31.—Nearly \$17,000,000 more trickled into the pockets of Ohio farmers during 1939 than in 1938, an estimate by the bureau of agricultural economics disclosed today. Last year brought \$334,289,900 from marketing, commodity loans and government payments, compared with \$317,635,000 the year before. Total 1939 farm cash income for the nation was \$8,518,000,000.

Two Men Are Killed In Railroad Wreck

URBANA, Jan. 31.—Two men were killed early today when two cars telescoped on a Pennsylvania railroad wreck train near Woodstock, 11 miles east. Another man was injured.

N. F. Layman, wreck master, and H. L. McMorrow, a laborer, were killed while sleeping in a bunk car. Samuel W. Whitt was hurt seriously and taken to White Cross hospital in Columbus, where the three lived.

Six other men in the bunk car were shaken up when it telescoped a tool-laden car after a broken draw bar split the train, stopping the front section suddenly.

Traffic on the line was tied up about five hours.

Coroner Richard Brand planned an inquest.

The wreck train was enroute from Urbana to Columbus. The crew had been here to pick up some parts and three damaged coal cars.

Rev. Andrew B. Starbuck, the pastor, was in charge. Burial was in Hope cemetery.

Louisville Gets Friend of Rookie

LOUISVILLE, Ky., Jan. 31.—The Louisville Colonels of the American Association last year picked up a sensational rookie off the Indiana University campus in Ernie Andres.

So they have gone back to that same source of supply, only in a "round-about way."

In purchasing three one-year players from Huntington, W. Va., of the Class D Mountain State league they obtained a former roommate of Andres — outfielder Tom Gwin, who hit .363 last year for the second best mark in the league. Gwin hails from Shoals, Ind.

The other two players are outfielder Jack Seins, Huntington, rated the league's outstanding 1939 performer, and righthand pitcher Bob Enider, Sandusky, O., who won 18 games and lost nine.

BANKER LOOKS FOR FREEDOM

Hearing for Uhrichville Man Ordered by State Parole Board

(By Associated Press)

COLUMBUS, Jan. 31.—After more than three years in Ohio penitentiary, freedom within 60 days loomed today as a possibility for Charles E. Wheland, former Uhrichville Union bank president and confessed embezzler of approximately \$475,000.

A parole hearing in either February or March was ordered by the Ohio pardon and parole commission on grounds that Common Pleas Judge E. E. Lindsay of Tuscarawas county erred in sentencing Wheland to concurrent terms of 10 to 30 years on each of 54 charges of embezzlement and falsification. The commission approved a one to five year sentence for falsifying a check.

The statutory penalty is from 0 to 30 years, declared a ruling drawn by Vice Chairman E. E. Everett. "It is the opinion of this commission that the presiding judge was without authority to impose a sentence of 10 to 30 years."

Everett said a parole was not assured but that Wheland was entitled to a hearing.

Entered Jan. 1, 1937

Wheland entered the prison Jan. 1, 1937. Under the one-year minimum approved by the commission he would have received a parole hearing after 10 months. The 10-year base would have made him ineligible for consideration until April, 1943.

Wheland admitted speculating for several years before the deficit was detected in a routine investigation of the bank. He said the money was used for stock market speculation.

Wheland, now 51 years old, rose in 19 years from the bank clerk to president. In later years he branched out to head a pipe company, a building and loan association, an aviation firm and a chain of motion picture houses.

Suffering from a stomach ailment, Wheland spent the early part of his sentence in the prison hospital, and in March, 1938, was removed to a Columbus hospital for an operation. Since Nov. 22, 1938 he has been quartered at the penitentiary's Junction City brick plant.

Opera Rift Cause

Although he is characterized as a "genius" by Edward Johnson, general manager of the Metropolitan Opera company, Erich Leinsdorf, 27-year-old senior conductor of the opera, has been the target of Wagnerian opera singers, including Lauritz Melchior and Kirsten Flagstad. Sum of the complaints against Leinsdorf, who succeeded to the post upon the death of Arthur Bodanzky, is that he has his own ideas of the tempo in which long-established arias should be played.

In Mayor's Court

Russell Lottman of R. D. 2, Lisbon, pleaded not guilty to a charge of reckless driving, preferred by state highway patrolmen, at a hearing before Mayor Norman Phillips last night. A trial was scheduled for Thursday night.

Lottman was arrested after his car allegedly struck the rear of another driven by L. R. Cobbs on the Lisbon road.

Lawrence Carlisle of Lisbon, charged by the patrol with driving a motor vehicle with insufficient lights, was fined \$10 and costs by Mayor Phillips.

Building Permits

An \$800 building permit has been issued by the city to John Filler, contractor, for the remodeling into business offices of the old telephone exchange in the Brooks estate building at the corner of E. State st. and S. Lincoln ave.

A \$3,000 permit was granted Anna Vacar for the repair of her night club on South Broadway which was gutted by fire Jan. 19.

A permit was issued to S. A. Worman for a \$300 repair to his property at 206 Vine ave.

"The United Mine Workers have exclusive contracts" with most of the major coal producers, Murray added, "and the board can attempt to divide our collective bargaining contracts."

He declared that the board had no right to "create a condition of confusion in the industry."

Critique Personnel

The CIO-affiliated delegates also criticized the board for employing personnel "antagonistic" to the CIO.

The labor board resolution also said that a congressional investigation of the agency was being conducted to obtain information with which to "emasculate" the Labor Relations Act.

Administration of the social security benefit systems, the convention said, "has not been as vigorous and progressive as labor had hoped."

The convention recommended that old age pensions be increased from \$40 a month to \$60 and that the age retirement be reduced from 65 years to 60.

Mansfield, which has the authority to decide the issue.

Charles West, former undersecretary of the interior, was congressman from the 17th district from 1931 to 1935. He had been mentioned in early speculation as a possible candidate for the post left vacant by the death of the late Rep. William A. Ashbrook, Democrat.

Other Candidates

Other candidates for the Democratic nomination are Frank Cave of Mansfield, Dr. Ben A. Arneson of Delaware, George J. McDonald of Newark, William Haas of Delaware, B. B. Forebaugh of Mt. Vernon and Byron B. Ashbrook of Johnstown.

In Cleveland, Democratic National Committeeman Charles Sawyer declared President Roosevelt was "the best friend American labor ever had."

He disagreed with John L. Lewis, CIO chief, who said that the President had broken faith with labor.

Rep. George Bender (R., Ohio), mentioned frequently as a possible candidate to succeed U. S. Senator Vic Donahey, Democrat, said he would announce his plans this weekend.

Charges Daughter Was Kept Chained

EBENSBURG, Pa., Jan. 31.—County court placed Mike Dravenak on probation for two years and ordered him to pay costs, arising from charges that he kept a 23-year-old daughter chained in a room of their home at nearby Lily.

The alien also was instructed yesterday not to try and obtain release of the daughter, Mary, from Torrance State hospital, where she was recommitted following discovery of conditions in her home.

Chief County Detective John F. Carroll reported only a mattress and chair in the room where the girl was chained. He said neighbors told him Dravenak struck his daughter with a stone once when she tried to escape.

The man has not worked for 10 years, added Carroll, believing that he does not have to work and that the American people have to support him. Judge H. McCann commented that Dravenak evidently does not understand the customs of the United States.
